  - Mandatory 8-count. Bout stopped after 3<sup>rd</sup> count in a round or 4<sup>th</sup> in a fight.
  - “no knockout” rule in effect. You’re trying to beat your opponent, not injure them.
  - Fighters will weigh in the day of the fight to verify matchups.
  - Gear will be inspected before the fight. If officials deem the gear to be inadequate, “loaner” gear will be provided
  - Each coach needs to bring their own corner supplies, i.e. Vaseline, tape, gauze, end-swells, gloves, cotton swabs, etc.
  - A pre-fight meeting will occur with coaches, event staff, and fighters to review rules, equipment, etc. **This meeting is mandatory.** Show up early before the fights begin to check in and attend the meeting.
- 
- During the fight coaches and trainers operating from the corner are referred to as “seconds.” Up to three seconds will be allowed per fighter. During the round break one of the seconds may enter the ring to assist the fighter, one may mount the apron, and the other must remain on the floor. Assistance during the round break may include:
    - Have the boxer to sit or stand in the corner to take deep breaths
    - Check the boxer’s condition and ensure he/she is fit to box in the next round
    - Advise with tactics in short, clear, and understandable manner
    - Provide encouragement

- Provide good recovery support, such as supply water, place ice pack on the back of the neck and generate a breeze with the towel to lower the body temperature.
- Seconds will be notified by the referee 10 seconds prior to the end of the round break, at which point they must exit the ring
- An 8-count in a neutral corner will occur if a fighter is knocked down or if the referee deems a fighter is unable to sufficiently defend themselves from the other fighter.
- A second may also retire the fighter by throwing the towel if he/she deems the fighter unfit or unable to continue or getting punished by the other fighter.
- A second may not retire the fighter while the referee is conducting a count.
- Matchmaking will occur in advance of the event based on discussions with each fighter's coach. The objective is to give each fighter a fair match based on age, weight, and experience. Priority will be given to fighters planning to test for their black belt. No fighter is guaranteed a match, but we will do everything possible to arrange one.
- After the bout each fighter will be examined by the fight doctor.

#### **General Conduct:**

- All fighters are responsible for their safety first and foremost, but they must also be mindful of their opponent's safety. We are trying to compete against, not deliberately injure, our opponents
- No showboating, taunting, or offensive behavior will be tolerated. Good, clean matches only.
- Fighters and coaches are also responsible for their guests observing the fights. No taunting or heckling from the crowds will be tolerated.
- At the end of the fights, both hands are raised. This is a scrimmage and not a title fight.
